TO: The Chief, Mass Media Bureau

PETITION FOR COUNTER-PROPOSED RULEMAKING

Comes now, Fatima Response, Inc., through its consultant, to respectfully request that the Commission accept this petition for rulemaking to allocate FM channel 221 "C-3" to the community of Mc Cloud, Siskiyou County, California and that the Commission give cut-off protection to all pending applications filed for FM channel 220 - A at Mc Cloud, California. The petitioner, Fatima Response, Inc. "FRI", has this day filed a 340 application for construction permit to operate on FM channel 220 - A at Mc Cloud, California. The petitioner, "FRI" requests that the Commission insitute rulemaking proceedings to amend Section 73.202(b) to allot the following FM channel to Mc Cloud, in lieu of FM channel 220 - A as filed for. FRI requests that Section 73.202(b) be amended as follows:

<u>CITY</u>	<u>EXISTING CHANNEL</u>	<u>PROPOSED CHANNEL</u>
Mc Cloud, California	NONE	221 C-3 *

In support of this petition request the following is submitted:

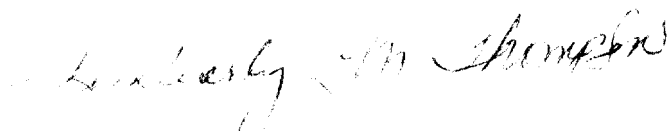

1 1. Through this counter-proposed rulemaking request, FRI
2 seeks that the Commission allot and reserve this allotment
3 for use as a Class C-3 channel for EDUCATIONAL USE. This
4 counter-proposal is mutually-exclusive and is filed within the
5 Commission set "A" cut-off date for applications against channel
6 220 - A at Mc Cloud, California. Thus, FRI requests that the
7 Commission reserve this channel for any and all pending
8 applicants filed within this prescribed cut-off date. FRI
9 also requests that the Commission allow a 30 day window period
10 for amendment of those on file for channel 220 A at Mc Cloud.

11 2. Fri has attached a complete FM channel study to prove
12 to the Commission that channel 221 C-3 is precluded by 220-A
13 and that channel 221 C-3 can be allotted as requested.

14 In conclusion, Fatima Response, Inc. hereby requests that
15 the Commission begin FM rulemaking proceedings to allot FM
16 Channel 221 C-3 in lieu of the pending 220 A at Mc Cloud,
17 California and that the Commission give cut-off protection
18 to all presently filed applications for channel 220 A.

19 Respectfully submitted,

20 Dated May 1, 1996.
